S.N.1. Para II

From the Pay and Accounts Officer, Bangalore, No.P.B.1. 4373, dated 6-2-31.

Para I (1)

The proposals of the Registrar of Assurances now in connection with the preparation of property indexes under the revised scheme are, as stated already, two fold:-

(1). the retention of the two temporary clerks now employed in the Sub Registrar's office for another year from the 1st March, 1931, when the present sanction expires, and

(2). the deputation of the Sub Registrar to Salem for a period of 4 days to study the system which is already in force there.

As regards (1) the meagre progress that has been made in the preparation of the new property indexes appears to justify the retention of the temporary establishment as proposed.

In regard to (2) the Sub Registrar had suggested that he might be deputed to Salem for a period of 6 days to study the working of the system there. The Registrar of Assurances however considers that 4 days would suffice for the purpose. It is recommended that the practical knowledge obtained thereby would prevent possible mistakes in the Station. The cost is estimated at about Rs.50 only.

In the circumstances stated, the proposals may both be sanctioned as they are now reported by the P.A.Office to be within the powers of the Hon'ble the Resident.

Draft submitted for consideration.

Para 2 ante.

The orders of the Govt of India in the Home Department on the subject of reduction of temporary establishments are at S.N.28,28/a of file No. 209 of 1930. No such orders have been received from the F & P Department. In the absence of any such communication from the F & P Dept. no action has been taken in that regard. Submitted therefore the above orders need not ~~also~~ perhaps be applied in this case also.

-:oOo:-

I have the honour to state that I attended the office of the Registrar of Assurances at Salem on 16th, 17th, 18th and 19th instant as directed in your letter No. 189 dated 13-3-1931 for studying the system of maintaining Indexes in that office.

From a perusal of the Indexes of that office I find that two kinds of property Indexes are maintained in Madras for Houses in Towns. One is known as the House property Index which is similar to the one which is now directed to be maintained in this office under the revised rules. This Index is maintained for houses which bear survey numbers.

For houses which do not bear survey numbers Index II is maintained streetwar.

I venture to submit that a similar rule for maintaining streetwar Index has to be added to the present rules for houses which do not bear survey numbers.

I also submit that it will be very difficult to maintain correct indexes if the Municipal Commission should be constantly changing the Municipal numbers of houses. I therefore request that the Local Government may be requested to ask the Municipal Commission not to change the Municipal numbers of houses and if any Sub-Divisions are made to assign Sub-numbers or letters. The Madras Government have issued a similar circular to all the Municipal bodies in the presidency.

I herewith submit a draft rule to be added to the existing rules framed for the preparation of Indexes for your

Indexes to house property in the Civil and Military Station, Bangalore.

S.N.4 B

With reference to your endorsement No.3403/99-1931 dated the 11th May 1931 on the above subject, I have the honour to inform you that the procedure suggested by the Registrar of Assurances, Civil and Military Station, Bangalore, in para 2 of his letter No.9 dated the 16th April 1931 is, as a rule, being followed in this Municipality, but in exceptional cases where much confusion existed owing to irregularity in numbering, the numbers painted on houses have to be changed. Section 80 (1) of the Bangalore Municipal Law permits such alterations. I may point out that a hard and fast rule to the effect that numbers should never be changed will be unworkable. Even the circular issued by the Government of Madras containing instructions to local bodies in respect of maintaining "Indexes to House Property", referred to by the Sub-Registrar permits change of numbers for "good and sufficient reason".

Bangalore.

Sir,

S/32 (9)

I have the honour to invite a reference to the Proceedings of the Hon'ble the Resident in Mysore, No. 1518 dated 2-3-1931 communicating the sanction of the Hon'ble the Resident for the retention of the temporary establishment of two Clerks in the local Sub-Registrar's office for a further period of eight months till the end of October 1931 and to state that the indexing of documents under the new rules has been done upto 30-9-1923. The total number of documents indexed so far is 10835 which works out an average of about 1030 documents per mensem. The average work turned out during the last 6 months is 1261 documents per month. The Sub-Registrar reports that the two temporary Clerks specially engaged in the indexing work have put in their best efforts during the period and I am satisfied it is so. The nature of work to be done with regard to each document will appear from the two forms at Flags A and B. Some documents cover a number of properties and the number of executants or claimants may be considerable. At least as much work remains as has been done. The continuance of the temporary

P.T.O.

temporary establishment of two Clerks for a further period of four months in this official year from 1-11-1931 is absolutely necessary in order that the indexing work may be continued. The period yet to be covered ranges from 1-10-1923 to 31-3-1931, and the number of documents to be indexed during this period is 12080. In the circumstances, I have the honour to request that the Hon'ble the Resident may be pleased to accord his sanction for the retention of the temporary establishment of two clerks for a further period of four months from 1-11-1931. - In view of the present stringent financial situation I propose that their pay may be fixed at Rs 30/- per mensem instead of Rs 35/-. The work is an important and responsible one and I do not think reliable men can be had on less pay. I may add that this - - expenditure may be met out of the allotment in the current year's budget under the Head of "D.Registration-Pay of Establishment".

I have the honour to be,

Building grant to Goodwill Girls' High School.	22,900/-	The Goodwill Girls' High School has been entirely responsible for the higher education of girls in the Civil and Military Station, Bangalore, and has produced a steady stream of entrants to the medical and teaching professions. The Elementary girls' schools in this Station have largely depended in the past for their supply of teachers, on girls who were educated at this school. The school has acquired a reputation in Bangalore for the character of its girls and

		the high standard of instruction given and attained; on account of its popularity and as a result of the Sarada Act, already a large number of girls are attending the school. The Correspondent applied in 1930 for the following grants:-					
		Building grant (half grant) 19,398 Furniture grant (-do-) 1,500 Grant for furniture and equipment for the laboratory and ~~sek~~ science lecture rooms. 2,000 22,898					
		Owing to financial stringency the amount was not provided in the budget estimates for 1931-32. The Inspector of Schools has again recommended that the amount may be provided in the budget estimates for 1932-33. Under Rules 45 and 48 of the Grant-in-Aid Code for Indian Schools in the Civil and Military Station, Bangalore, the grant can be sanctioned by the Resident, but as expenditure is to be debitable to accumulated surplus revenues, approval of the Government of India to their inclusion is necessary.

~~9~~ 8	Account II-Education-B-Grants-in-Aid to Non-Government Secondary schools-Building and furniture grant-in Secondary schools.	Building grant to Sacred Heart Boys' and Girls' schools.	13,330	The Correspondent, Sacred Heart Boys' and Girls' Schools, Bangalore, has applied for a grant of Rs.20,000/- towards the construction of a building for both the Boys' and Girls' schools. The Inspector of schools has inspected the two buildings and finds that there is a real need of a new building for these schools. The boys' school is held in a room of the Manager's quarters, for too small for the purpose and the girls' school in a small out house in the church compound originally not intended to serve as a school building. In both cases the accommodation is insufficient and the sanitary conditions unsatisfactory. The Correspondent has applied for a full grant, but has subsequently consented to meet a third of the cost from the Church funds, so that grant asked for will amount to Rs.13,330/- . Under Articles 50 and 57 of the Code of Regulations for European Schools, in the Civil and Military Station, Bangalore, the grant can be sanctioned by the Resident
